Guidelines

All exterior painting, including but not limited to, trim, handrail, fencing, stair risers, stair treads, decking, columns and building body (siding) schemes and colors, must be approved by the Committee prior to painting or repainting, even if repainting using the exact same color(s).

- Trim may be left natural, painted white, or painted an approved shade of the body color.
- Handrails, stair treads, stair risers, rails, pickets, columns and screening may be left natural, stained using an approved transparent or semi-transparent stain color, painted white, or painted a color approved by the Committee.
- Porch and deck ceilings may be left natural, stained using an approved transparent or semi-transparent stain color, or painted a color approved by the Committee.
- Only one body color and one trim color are permitted, in addition to surfaces left natural or stained. A compatible shade of the body color may be permitted to accent a specific architectural feature if approved by the Committee. An additional accent color for entry doors and shutters is allowed if approved by the Committee.
- Paint applications must reflect a complete and consistent application of the approved color(s); phased or partial painting must be approved in advance by the Committee. Once started, the preparation, painting, and clean-up must be completed in a timely manner, consistent with weather impacts.
